## EDUCATION

### West Texas A&M

*Bachelor of Business Administration in Computer Information Systems*

Canyon, TX

*Anticipated in December 2025*

### Frank Phillips College

*Associate of Science in General Studies*

Borger, TX

*May 2023*

## SKILLS

**SQL:** Experience querying, analyzing, and summarizing large datasets.

**Data Analytics & Visualization:** Databricks and **Power BI** for analyzing large datasets, creating dashboards, and producing reports to highlight trends.

**Programming & Web Development:** **HTML/CSS** (static websites, responsive design, page structure) and **C#** Fundamentals (variables, loops, functions, and OOP).

**Microsoft Office:** Experienced in **Excel** (data analysis, charts), **Word** (reports), **PowerPoint** (presentations), and **Outlook** (email, scheduling).

## PROJECTS

### Astrology Calendar | C#, HTML/CSS, Razor Pages, Visual Studio Code, Azure

- \* Developed a web app for users to view astrological events. Utilized C# for backend processing and HTML/CSS for the front end, providing an intuitive user interface for accurate event tracking.

### Amarillo Climate Data Analysis | SQL, MySQL, Power BI Desktop

- \* Created a MySQL database and Power BI dashboards to analyze Amarillo climate data, visualizing trends in temperature, rainfall, and air quality.

### Fuel Tracker Dashboard | SQL, MySQL

- \* Built a Power BI dashboard using MySQL to analyze gasoline prices across Houston, Texas, and the U.S. (2020–2025), featuring MoM, YoY, and spread metrics to reveal key trends and seasonal patterns.

## WORK HISTORY

### Pricing Intern

*Xcel Energy*

May 2025 – Present

*Amarillo, TX*

- \* Assisted in analyzing and summarizing large energy datasets using SQL and Azure Databricks to support pricing projects.
- \* Supported the development and maintenance of queries and dashboards to highlight customer energy usage trends and improve revenue forecasting.

### Substitute Teacher

*Borger Independent School District*

August 2023 – April 2025

*Borger, TX*

- \* Independently managed K-12 classrooms, ensuring smooth operations while demonstrating strong problem-solving and organizational skills in dynamic, time-sensitive situations.

## ACCOMPLISHMENTS

**President's List WTAMU:** Fall 2024, Fall 2023

**Phi Theta Kappa Member:** Spring 2023

**Frank Phillips College Outstanding Accomplishment in Biology for Non-Science Majors II:** Spring 2023

## VOLUNTEER WORK

### Event Staff

*Grace Fellowship Church*

April 2023

*Borger, TX*

- Assisted with food and drink distribution at a local fundraiser banquet, providing friendly service to attendees and ensuring a welcoming environment. Contributed to post-event cleanup by collaborating with team members to restore the venue to its original condition.
