To whom it may concern,

I am writing this letter of recommendation on behalf of Haylee Torres. The relationship I had with Haylee is through Haylee's pursuit of her high school education. I had the privilege of having Haylee her Junior year in a U.S. History class. I was able to observe Haylee grow as a student and as a young person.

Haylee was a student who would listen to her teachers and follow the directions the teacher was using to guide the students. She gave her attention to the information being presented and would ask questions if she did not understand the material. When given an individual assignment, Haylee was a disciplined student who used her time wisely and worked to complete the assignment in the time given. Haylee understands the value of an education and she was willing to do her best to gain that knowledge.

Outside of the classroom, Haley was involved in different school activities. Her involvements included being a member of the Band, and she participated on the UIL Academic Team in Social Studies. Haylee was a member of NHS and participated in community service. At West Texas High School, our students were expected to help to raise money for their grade level to pay for different Senior activities. Haylee did her part to help earn the money to pay for these activities. Haylee was leader and a role model who shows the right way for a student to be involved in their education.

During her years in high school, Haylee matured and grew as a person who understands that it is her responsibility to work to achieve the education a person needs in today's world.

Sincerely,

A handwritten signature in cursive script that reads "Shawn Jones". The signature is written in dark ink and is positioned above the printed name.

Shawn Jones, Principal

West Texas High School
